A lot has happened down at the garden

So much has been happening down at the community garden.

We now have a pen each for chickens and ducks. We also now have a shade-house, gazebo, bore and reticulation.

Raised garden beds have been getting made up with donated metal and wood. However we have run out of wood for the corners for these. If you have any wood laying around that you would like to donate please get in contact with Kate on 0427 282 625

We were successful in obtaining grants and donations from the Shire of Coorow, Bankwest, Leeman Plumbing and Excavation as well as from donations from within the community.

Donations needed

We have been so fortunate to have received so much community support. Not just from within our community but from other communities. Because of this we have received quite a lot of donations of items for the garden. However we still need more things. If you have any of the following items that you are willing to donate, then please let us know.

Do you have any of the below items laying around that you could donate to the garden?

- | | | |
|---|------------------|--------------------|
| IBC containers | Fruit trees | Star pickets |
| Bricks | Compost bins | Worm farms/worms |
| Outdoor chairs | Empty plant pots | Seedlings/cuttings |
| Bags of soil. (unless of course you would like to donate a truck load!) | | |
| Wood to help make garden beds | | Anything else |
